

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

NOTE.

Contributions on general and midland natural history will be gladly received. Papers on botany and allied subjects should be addressed to the editor. Articles on Zoology, geology and physical geography may be sent to

A. M. KIRSCH,
Dept. Zoology, The University
Notre Dame, Ind.

Matters relating to advertisements are to be taken up with the secretary of the University.

One hundred covered reprints of articles averaging eight pages or more will be furnished *free of charge* to contributors. More than one hundred separates can be obtained at cost price of the extras. When articles consist of less than eight pages, a certain number of copies of THE AMERICAN MIDLAND NATURALIST in which the paper appeared will be supplied free, or the separate articles may, by arrangement with the editor, be kept until future papers average eight pages, provided the contributions are sent in for the next consecutive issue for publication. Contributors of articles will receive a free subscription for the year in which their paper appears. For further or other information address

THE EDITOR,
Notre Dame, Indiana.

KNOWN THE WORLD OVER

The University of Notre Dame

Notre Dame, Indiana

Offers Courses in Ancient and Modern Languages, History and Economics, Journalism, General Science, Chemistry, Biology, Pharmacy, Mechanical Engineering, Civil Engineering, Electrical Engineering, Mining Engineering, Architecture, Law, Practical Mechanics, Applied Electricity, Elocution, Parliamentary Law, Artistic Drawing, Music, Commerce, Phonography, Typewriting, Telegraphy, Physical Culture.

Notre Dame is recognized by all educators, by the press and by the public as a college whose work is of the same grade as that of the most highly endowed colleges or the best state universities. Its atmosphere is strongly Catholic and no young man who has ever attended the University of Notre Dame can escape its influence in after life.

The discipline is paternal, and aims at giving young men the fullest liberty consistent with earnest study and manly Christian character. Freshmen and Preparatory students may secure rooms at reasonable rates. Rooms free to Seniors, Juniors, or Sophomores of any collegiate course. Catalogue sent on application. *Address*·

The Rev. John Cabanaugh, C. S. C.

President of the University

NOTRE DAME, INDIANA
